SciVal: helping your institution strategy
What is SciVal?
SciVal is a research management service that easily allows you to:

- Evaluate your institution
- Benchmark your institution against others
- Strengthen your collaboration
- Find your strengths and weaknesses

Thus…
Helps you design and execute your research strategy
Where do we get the data?
Scopus®

The largest abstract and citation database of research information

60 M records and 22,000+ active titles from more than 5,000 international publishers. More than 4,200 Gold Open Access journals indexed.
Informing national research assessments, policies & reports

Provision of citation data services for national assessments as well as data, analyses and insights for national and international reports

National Assessments including UK ‘14 & Australia ‘15

BIS reports ‘11, ‘13 & ‘15-16

Sir Andrew Witty Review ‘13

THE World University Rankings (from ‘15) and data partner for QS

Science Europe ‘13
What do we do with Scopus data?
Offer you a set of around 110 trillion pre-calculated data points all available in one click.
We offer you data from over 4,600 Institutions from 223 country, plus the possibility to customize your own Groups, Publication sets or research areas.
What are the questions addressed using SciVal?

“How can we demonstrate what are our main strength and position my university?”

“I want to explore the various scenarios I’m considering to set up a centre of excellence. How can the data provide me with insights?”

**Trends**

Get the current scientific trends to determine a new research strategy, find collaboration opportunities and rising stars.
What are the questions addressed using SciVal?

“My VC is going to China; who do our academics collaborate with there and how can we expand?”
What are the questions addressed using SciVal?

“My VC is going to China; who do our academics collaborate with there and how can we expand?”

Collaboration

Explore the collaboration network of both your Institution and other Institutions.
What are the questions addressed using SciVal?

“How can I see who’s excelling in a specific subject compared to my researchers, for potential collaboration opportunities?”
What are the questions addressed using SciVal?

Benchmarking

Compare and benchmark your Institution to other institutions, Researchers and Groups of Researchers using a variety of metrics.

“How can I see who’s excelling in a specific subject compared to my researchers, for potential collaboration opportunities?”
Benefits for a broad range of users

SciVal supports the needs of a broad range of institutional users by providing ready-made, at-a-glance snapshots for flexible, institution-specific insight:

- Vice chancellors of research
- Research administrators
- Department heads
- Researchers
Thanks!!
